CARRASSES KIDS' CLUB

Welcomes children aged 4 to 12 to meet each other and explore, imagine, invent, create and play together in an inspiring setting.

We are in the midst of ancient pine trees, surrounded by a dazzling array of Mediterranean plants, baby lizards, birds and crickets. We'll be looking, drawing, painting, making, building, acting, singing, dancing and playing... We'll be recycling a wealth of materials to make wine bottle xylophones and beer bottle top lagerphones, huge cardboard castles, giant people, dinosaurs, funny costumes and playing games of every imaginable shape & size. And when it's just too hot for all that, there will be fun and games with nice cold, ice cold water!

A NOTE TO PARENTS

Carrasses Kids' Club is all about real people doing real things in real time – please remind your children not to bring anything electronic or virtual with them – all they will need to bring is a sunhat & a smile!
