

Laid-back luxury

Why Château Les Carrasses is everything you need for the perfect family getaway

A centuries-old wine domaine nestled in the vineyards of France's Languedoc region, Château Les Carrasses has been sensitively restored to create a luxury family friendly estate complete with 30 chic self-catering properties, first-class hotel facilities and a relaxed, private members' club vibe. Effortlessly combining grown-up elegance with family fun, it's the perfect retreat. Boasting an elegant restaurant (along with a dedicated menu and early sitting options for younger diners), terrace bar, heated infinity pool, kids' club, tennis courts, Orangery and gardens with an on-site petting farm, where children can get the chance to cuddle bunnies, stroke goats and meet friendly chickens opening this Easter.

Flexible accommodation options range from one-bedroom suites to spacious villas which sleep up to eight complete with private heated pools. Full of character & individually designed with plenty of traditional French country flair yet with all the modern comforts.

Children and parents alike will be utterly charmed by this wonderfully laid back Château. Days can be spent poolside soaking up the sunny Mediterranean climate, exploring the estates wine trails or borrowing a bike for a scenic ride along the Canal du Midi. The sandy beaches of Gruissan and Sérignan Plage are not to be missed.

For parents craving some time alone together the lively kids' club (for children aged four to 12 years) run by a team of English-speaking staff

is a hugely popular hangout with its creative, nature-based program tailored to different age groups. Whilst younger children are encouraged to help out at the farm – searching for freshly laid eggs and feeding the bunnies, older children can improve their skills on the tennis court with the Château's own professional coach. The children's weekly supervised dinner parties and cinema evenings are a social highlight too, and help to cement new friendships.

With easy access from the U.K, Château Les Carrasses is situated within 2hrs of six airports (Béziers, Perpignan, Carcassonne, Montpellier, Toulouse and Girona just across the border in Spain), or alternatively high-speed rail links to the South of France provides a hassle free and eco-friendlier solution for your holiday.

Already picturing yourself with a glass of rosé in hand? It's time to enjoy a no compromise family-friendly holiday the Château Les Carrasses way.

If you're looking for somewhere closer to the beach, why not try sister property Château Capitoul which opened last summer & blends Domaine & Demeure's trademarks of understated luxury and effortless style, in a magnificent location on the French Mediterranean coast. ■
